About Us

Spark Robotics & Automation is a dynamic and innovative company, dedicated to providing advanced robotic and automation solutions to help businesses achieve higher efficiency, accuracy and growth.

Our Vision

To be a leading provider of intelligent automation solutions globally.

Our Mission

To deliver reliable, innovative and cost-effective automation solutions that create value for our customers.

Our Values

- Innovation
- Quality
- Customer Focus
- Integrity

Our Solutions

Automated welding systems that deliver precise, consistent, and high-quality welds.

Automated painting solutions for uniform coating, improved finish, and reduced material wastage.

Robotic systems for efficient, safe, and accurate movement of materials and components.

Automated loading and unloading of machines to improve productivity and reduce manual effort.

Custom-designed fixtures and jigs that ensure accurate positioning, repeatability, and efficient production.
